MINING, BUSINESS AND STOCKS.

ELY STOCKS ARE RULING FAVORITES

Curb Market Attracts More Attention On Local Exchange Than Listed Stocks With Better Prices.

Ely stocks were the ruling favorites on the local mining exchange this morning and for the first time in many months the curb market was the center of attraction. The great progress that is now being made in the big Nevada copper camp has turned interest that way and the stocks in which local peo-ple are heavily interested in that locality came in for some fancy prices this morning. While listed stocks sold

this morning. While listed stocks sold at prices that looked like those in a 5 and 10 cent store, the Ely stocks appeared to increase in strength. Prices at which the stocks were selling three weeks ago were totally obliterated. Three weeks ago Ely Consolidated was hanging around the 10 cent mark with but few wishing to get in on the stock. This morning 60 cents was bid for the stock and there was no offering. The recent strike at this property on the 400 foot level has been opened out in splendid shape. The location of the property in among the big things in the district and the backing R now has, is said to be the cause of the rise in this stock.

McLonaid-Ely was a favorite this morning with an increasing price. Two 500 share lots sold at 21 and 21½ cents and the last block of 400 shares that was sold went over the rail at 22 cents. Federal Ely was sold in three 1,000 share lots at 16 cents and a block of 500 shares of Ely Witch was disposed of at 35 cents. At the close the stock received a bid of 40 cents and was offered at 45 cents.

The only other stock sold outside of the Ely securities on the curb market this morning was Tiptic Standard. A price of 9½ cents was paid for 2,000 shares of the stock.

On the regular and open hoard stocks were low. Iron Blossom showed a decided sagging tendency and from \$3 cents it dropped to 77 cents. The stock sold heavily. Mason Valley was disposed of at \$1.90, which is the lowest that the stock has reached in some time. Nearly every stock on the board was weak again today.

The total number of shares disposed of on the board this morning was 32,450, while the amount represented by the transactions was \$13.899.

TO UNITE ELY PROPERTIES.

Boston, Oct. 18.—A call for the annual meeting of the shareholders of the Nevada Consolidated Copper company, to be held Nov. 2, has been issued. Stockholders are to vote upon the issuance of 400,000 shares of new stock, to be offered in exchange for the 1,200,000 shares of stock of the Cumber.

1,300,000 shares of stock of the Cumber-land Ely Copper company on the basis of one share of Nevada Consolidated

stock for each three-quarter share of stock of the Cumberland Ely company. It is declared that this action is rec-

eminended to the shareholders by the manimous vote of the board of direc-ors. The above action is the result of many conferences and the action

of many conferences and the action was accepted by large minority interests only when it was shown the Guggenheim interests were in such control of Cumberland Ely that no other outcome was possible. It is claimed that Nevada Consolidated stock will now be made to sell at a price which, when the above plan goes through, will permit Cumberland Ely stockholders to get a bid higher than the present quotation for their stock.

C. E. LOOSE HEADS AJAX.

Thomas Weir Retires as Head of Old

Tintic Producer.

At the annual meeting of the Ajax Mining company this morning Thomas Welr, who for several years has been president and manager of the company, retired and was succeeded by Col. C. E., Loose of Provo. This is believed to be

Loose of Provo. This is believed to be part of the plan which was rumored about the exchange several days ago that Mr. Loose had secured control of the company and wou'd later consolidate it with the Golden Chain and Cleveland properties, which adjoin and in which he is the controlling factor. The annual report by President Weir went into considerable detail as to the work that had been done at the property during the past year and he showed that there was still a good surplus in the treasury.

that there was still a good surplus in the treasury.

For some time it has been known that some one on the outside has been buying Alax stock. Throughout the summer it has been disposed of in small blocks and it is Low believed that it was secured by Mr. Loose and C. A. Stoneham & Co. of New York. Through the shaft of the Alax company the Cleveland and Golden Chain properties could be culckly explored and there are many reusons to believe that another producer could be added to Tintic.

The Alax mine has been one of the heavy producers of the district and has \$1,000,000 in dividends to its credit.

The officers elected this morning were

blocked out is the largest in its history.

Almost a month ago suit was filed in Beaver county to foreclose on the property and a sale was ordered. Under the law it was necessary that the sale should not be made final for 30 days. This expires on Oct. 21. Immediately after that a meeting of the stockholders of the Newhouse Mines & Smelters will be held in New York city, at which time the company will walve its six months' equity of redemption in favor of the new organization. At this meci-A. J. Weber and Lilly Wolstenholme, A. J. Weber and Lany Wolsteinbule, compose the board of directors. The company owns the Shamrock and Shamrock Extension claims, located in the Ohlo district, Plute county.

months' equity of redemption in favor of the new organization. At this meeting the final reorganization will be completed and the company will become the South Utah Mines company. The mill at the mine has been placed in first class condition and will be able to make an excellent savings, which in comparison with the old mill should yield a good profit in itself. Developments at the mine have not been neglected since the work closed down and everything will be in readiness for a new era at the mine.

Through the reorganization the com-The local offices of the Lion Hill Consolidated Mining company was this morning notified of the shipment of a 35-ton car of ore from the property to the smelter. The ore is said to be almost three times as valuable as the last car sent in and which netted a neat profit. The company has been shipping fairly regular all summer and will continue to do so until the roads become impassable. With the steady shipping that has been going on the company has been able to take up a large number of its debts and should before long be in excellent financial shape.

Although little has been heard of the Utah-Wyoming Consolidated Oil company, which is backed principally by Utah people, the company has been quietly working ahead until it is now in a position to produce oil. It has bought in three producing wells of 20 barrels each and at the same time acquired a large block of oil lands. The officers of the company are B. F. Grant, president; Fred J. Pack, vice president; H. E. Havenor, secretary and treasurer, and other local people interested are D. H. Livingston, R. A. Brighton, W. S. Lamoreaux and J. T. Kingsbury. Although little has been heard of the James A. Pollock & Co., bankers and brokers, furnish the following, received Kingsbury.

BUS PASSENGERS

ORIGIN OF THE REORGANIZED CHURCH AND SUCCESSION.

A book of 140 pages showing the lat-This book is invaluable and indispensable to missionaries and all other students of Church history. It deals thoroughly with the origin of the Reorganized church and conclusively proves it to be of apostate sources, alproves it to be of apostate sources, also that that church has departed from the doctrines of the Prophet Joseph Smith and now attacks them vindictively, denying many of the principles of the gospel. The book also treats the Succession in the Presidency and shows that PRESIDENT BRIGHAM TOUNG WAS PROPERLY ORDAIN-ED TO LEAD THE CHURCH. By Elder Joseph F. Smith, Jr. Just published by the Deseret News. Cioth binding per copy 50 cents, in paper 20 cents.

A DISCUSSION.

Blood Atonement and the Origin of Plurel Marriage.

A pamphiot containing over a hundred pages, has just been issued. This brochure contains a discussion on the questions quoted, between Elder Joseph F. Smith, Jr., and Mr. Bichard C. Evans, the latter gentieman begin second counselor to the present of the "Reorganites." The questions are entered into exhaustively, by both sides, and a great deal of valuable information is given. Elder Joseph F. Smith, Jr., shows by historical data and incontrovertible deductions that the position of his opponent is untenable.

Post paid to any address, 26c.

OPENING BRISK,

New York, Oct. 18 -- A brisk opening demand carried prices of a number of leading speculative stocks above Saturday's closing. Ten thousand shares of United States Steel sold at 32% and 53. compared with 91% at the end of last week. Union Pacific, American Smelting, Amalgamated Copper, Brooklyn Rapid Transit, Interborough Metropolitan preferred and American Cotton Oil rose 1 and Reading and Reading first preferred

and Reading and Reading first preferred large fractions.

The Hawley group of stocks went up at a rapid rate but selling pressure developed on the more prominent issues. Large selling orders wiped out the rise in United States Steel and also forced. Union Pacific and Reading back a point. Some of the notable gains were Vulcan Detinning and Toledo, St. Louis & Western 2. American Smelting 1%. Union Pacific 1%. Republic Steel 1% and Denver & Rio Grande. Southern Pacific. Chesapeake & Ohlo, Kansas & Texas, Wabash preferred, Reading, Northern Pacific and Pressed Steel Car 1.

Another advance in specialties was not of much benefit to the general list, which weakened late in sympathy with heavy selling of United States Steel lost 11. Rock Labord 12 St. Pull 1%

Reading and United States Steel 2. Rock Island 1%, St. Paul 1%, Pacific and Kansas City South-ud Union Pacific preferred 2%. S steadled at noon.

Prices steadled at noon.

Bonds irregular.

Most of the leaders established a new evel after the noon hour. The selling was particularly effective in the standard railroad stocks. A slight hardening of orices occurred at 1 o'clock, but business thrank to very small proportions on the recovery. St. Paul gave way 2 points, inton Pacific 1%, and Southern Pacific, Alchison, Louisville & Nashville and United States Steel preferred 1. There was a gain of a point in American Linseed.

Another reaction made very little im-pression on sentiment and the list com-manced to move up. Reading. Union Pa-cific and United States Steel recovered about a point of their losses and there was good rally also in other active stocks. New York Central sold a point over Saturday's close and Northwestern 1%. Republic Steel preferred sagged 1% and Western Union and Great Northern Ore Certificates 11%.

PRODUCE.

CHICAGO.

Chicago, Oct. 18.—Early trades in wheat reflected the bearish condition of foreign markets. induenced by the heavy world's shipments aggregating more than 100,000 greater than last week. The range in cereals was slight and provisions also kept in narrow limits. Wheat fell off a trifle at the outset December is to 194 5 tower than Saturday at 1,05% to 1,05%. Prices ranged for a time within half a cent of the opening and steaded at 1,05%.

cent of the opening and steaded at 1.05%. Fine weather had a slightly bearish influence on corn which was counteracted by a moderate cash demand. December opened a shade higher to % lower than Saturday at 58% to 55% \$%. The initial weakness was soon overcome by an advance which crowded the quotations up to 55%, where it steaded. The outs market showed no great activity and prices were in a narrow range. December started % to %\$% lower at 35% to 55% % and then rose to Saturday's final figures. Provisions opened 2%\$7% c. lower, January products were quoted at: Pork. 18.36; lard. 10.50, and ribs. 9.55. Wheat—Later December touched 1.66%; but profit taking set in and it closed % \$% lower at 1.65%. Corn—The range in corn continued narrow. December closed % \$% lower at 56%.

Standard Oil .

Flour is up 10 and 15 cents in Monday's market. Hay is also higher, Timothy bringing \$18, and alfalfa \$16. Valencia oranges still manage to hang on, though becoming scarcer as the season for Navels approaches. This will arrive in three weeks with promise the state of grapes in the last of grapes in will arrive in three weeks with promise of a fine crop. The last of grapes in car lots is at hand, receipts hereafter being in express shipments at higher than prevailing prices. California figs are having a good sale, celery is improving in quality, and there is a strong demand for sweet potatoes. Bananas too are finding a good sale. Smoked salmon from Puget Sound and Blosters from Boston are at hand. Smoked salmon from Puget Sound and Bloaters from Boston are at hand. First class lemons are scarce, but the new crop will be along in a few weeks. Trade is good in Olympia oysters. New walnuts are a feature from California, and at reasonable prices this season.

prices this season.

There was a combine among growers last year, which shot up the price to unreasonable figures. The result was no market, as commission houses refused to pay the price. This year, the growers have changed their tune of quotations; consequently, they have no trouble in finding a market. The prices obtaining in Monday's market are as follows:
